

BAR SERVICE GUIDE

If beer, wine, or cocktails will be served at your event, you'll be connected to our in-house Mayo Civic Center Hospitality bar services team.

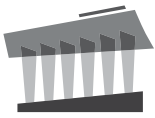

Experienced in accommodating diverse events and committed to honoring clients' unique requests, our bar managers and bartenders truly raise the bar with their high standards and creativity.

We give our clients the freedom to choose the type of bar service that best meets their needs. Besides a traditional cash bar, you could choose a hosted bar based on serving amount, dollar amount, length of time, or by specific guests - such as a wedding party or executive board. Alternately, you could choose to distribute drink tickets for your guests.

Whichever you choose, your exceptional event will be the toast of the town!
